DIVITA

*Fresh filled pasta has been produced since 1966, and we are proud that we were the first, and remain the leading, Slovene producer of fresh filled pasta.*

*Quality thin dough from various cereals with a tasty rich filling or potato dough - all this is collected carefully and turned into different forms of fresh filled pasta and gnocchi.*

Mlinotest Divita fresh filled pasta is made from selected ingredients according to a recipe which combines only the best so you can prepare a tasty meal quickly. The dough and filling of fresh tortellini and ravioli are made in such a way to allow the tastes to complement each other, thus ensuring the greatest pleasure in each bite, even without sauce.

The Mlinotest Divita Gnocchi are made from potato dough and carefully selected flour of various cereals. They have a typical Primorska-style form, are firm, have a full taste and are, at the same time, reminiscent of home-made products. Spelt, buckwheat and polenta gnocchi impress with their fine taste and the content of vital cereals.

DIVITA GNOCCHI

*Fresh filled pasta is suitable for preparing simple dishes or festive treats. The dough is prepared from a mixture of carefully selected semolina, durum semolina and eggs.*

The wonderful and full taste of filled pasta is created precisely by the fillings made from premium ingredients: selected meats, cheese and vegetables. Various cappelletti and sacchettini are prepared in ten minutes.
